ALIAKSANDR YOUZHANKA

Software Engineer

PROFILE

Hi!

I am a web developer.

I have good knowledge of JavaScript, TypeScript, NodeJS, React, HTML, CSS.

In programming, I like many ways to solve a problem and find the best solution.

Ready to solve the tasks assigned to the company, work in a team and find

the best solution together.

I continue to learn and develop in order to achieve high results in

programming.

I will be glad to join your team.
